TRANSMITTAL LETTER

Dear Sir:

Please find enclosed resubmission of certain documents previously submitted on Information Disclosure Statements dated October 1, 2003 and April 29, 2004. In the Office Action dated May 11, 2005, it was explained that citations that did not recite publication dates had been crossed off of the citation forms. Accordingly, those materials for which public disclosure dates can be obtained have been resubmitted. The date given for each citation is either the publication date of the cited material or the date by which Applicants understand the material was publicly available.

With regard to the previously submitted material with citation "Incroquat Behenyl TMS, Japanese Approval Submission, Croda, Inc.", this reference was a compilation of different materials having different dates. Accordingly, the dated materials contained therein have been listed separately on the presently submitted citation list.

By inclusion of any given document in this submission, Applicants do not admit that such document is effective as prior art against the above-captioned application. Additionally, submission of any document is not to be taken as an admission of the materiality of the document to the present application. The Examiner is requested to review each document and determine its materiality to the pending application.

As the presently submitted materials have been previously submitted, and that previous submission was before the mailing date of a First Office Action in the Merits it is believed that no filing fee per Rule 17(p) is now due. If, however, additional fees are due, the Commission is hereby authorized to charge any fee required by this submission to Deposit Account No. 04-1403.

Respectfully requested,

DORITY & MANNING, P.A.
